Version 1.1.0
Copyright 2020 LabMonti
Written by Nathan Bamberger

<u>Version History</u>

- October 22, 2020, Version 1.0.0: Initial Release!
- January 28, 2020, Version 1.1.0: Spherical electrode options added
    - Added a few new functions to enable image charge calculations to be done using spherical rather than planar electrodes
    - New section added to tutorial to explain these new functions
    - Documentation switched from word to pdf format
